AHMAD KAAB USMANI

Delhi, India | ahmadkaab4@gmail.com | linkedin.com/in/ahmad-kaab | github.com/ahmadkaab

PROFESSIONAL SUMMARY

A driven BCA student and full-stack builder with a focus on Cybersecurity and Automation. Proven track record in scaling digital products (1.6M+ views) and developing autonomous tools using Python and AI APIs. Passionate about solving complex problems through code and strategic thinking.

TECHNICAL SKILLS

Development: Python, C++, Git, Vibe Coding, HTML/CSS

Security: Nmap, Burp Suite, OWASP Top 10, Linux (Kali)

Tools & Creative: Microsoft Office Suite, SEO, CapCut, OBS Studio

FEATURED PROJECTS

ScaleFlow - Autonomous Content Pipeline

- Developed an end-to-end automation system using Python and the Gemini API.
- Automated niche research, content generation, and marketing asset creation.
- Reduced content production time by 90% through AI-driven workflows.

OSINT Telegram Bot

- Built a Python-based Open Source Intelligence tool integrated with Telegram API.
- Implemented automated web scraping and local database (Excel) search capabilities.
- Deployed for real-time information retrieval and monitoring.

Algorithmic Trading Bot

- Engineered a crypto trading bot using CCXT library and SMA Crossover strategy.
- Implemented secure API key management and real-time execution handling.

EXPERIENCE

Cybersecurity Intern

Secure Strike

- Conducted vulnerability assessments using Nmap and Burp Suite.
- Assisted in penetration testing of web applications, focusing on OWASP vulnerabilities.
- Gained hands-on experience in network reconnaissance and security auditing.

Digital Growth Strategist

Self-Employed

- Scaled Instagram meme page (@a2h.l0l) to over 1.6 Million impressions through viral content strategy.
- Grew a YouTube channel to 25k views and 200+ subscribers in under 50 videos.
- Implemented data-driven content optimization using CapCut and SEO techniques.

Esports Team Manager

Team Falah (BGMI)

- Founded and managed a competitive esports team, overseeing recruitment and strategy.
- Coordinated tournament participation and community engagement.

EDUCATION

Bachelor of Computer Applications (BCA)   2023 - 2026

Jagannath Institute of Management Sciences, New Delhi

Higher Secondary (Class XII)   2023

Maples Academy

Secondary School (Class X)   2021

Maples Academy
